

Bees, Native Trees & Seeds, If You Please!

Even though tomatoes might be several months away, **it's not too early to start planning and thinking about this season's garden. Lethbridge's first Seedy Saturday** was a chance for gardening enthusiasts of all shapes and sizes to jumpstart the season....

The real price of runoff

Humans are ingenious. We can filter almost anything. Even human waste can become safe, clean water when **we're forced to be innovative, like at the International**

Space Station where urine and grey water becomes a critical source for drinking water. The problem is what price tag are we willing - and able - to pay?
