## **Alberta electricity system transformation is full of opportunity**

OPED - May 9, 2018 - By [Binnu Jeyakumar](#), *Pembina Institute*

Published in the National Observer (May 9, 2018).

Photo by Tom Andernach

Alberta's electricity sector is undergoing a substantial transformation. There's no stopping it; the sector is changing worldwide. The change is driven by cheap renewable energy, aging infrastructure, declining coal value and the need to better manage the health impacts of air pollution. That last factor is one of the main reasons the federal government, under Prime Minister Stephen Harper, legislated the first national coal phase-out in 2012. It is why many states and countries are seeing coal plant retirements and its replacement with renewable energy.

This isn't our first rodeo. Alberta went through a significant market transformation when the province deregulated the electricity market almost two decades ago. We must adapt to change... [Read more.](#)

# Things You Need to Know

## From the SouthGrow Office

### Upcoming SouthGrow Annual General Meeting

SouthGrow will be hosting our Annual General Meeting on June 14th. As our agency grows and pushes the boundaries on behalf of southern Albertans, we need to have approved representatives there from all 24 of our member communities in order to vote on new initiatives and organizational structures that will be proposed. Dinner will be supplied. [Learn more & register.](#)

### Hemp Launch Event

Drayton Valley is recruiting entrepreneurs and investors to design and build innovative businesses. The Hemp Innovation Program is a seven-day program that provides intensive training, market intelligence, coaching, and mentorship to connect entrepreneurs with investors and take the industry to new heights! [Learn more.](#)

### Snow Pillow Spring Run-off Report

View the report by the [Oldman River Basin – Southern Region Operations Infrastructure Branch \(OIB\) of Alberta Environment & Parks \(AEP\)](#), which summarizes all of the real time snow pillows that the Province maintains and utilizes for determining possible Spring runoff from the SE Slopes. [Learn more.](#)

### ASTech Awards

You might ask: why should we apply for an ASTech Award? The answer is simple: because an ASTech Award honours leadership and outstanding achievement in science and technology in Alberta. Winning an ASTech has multiple benefits, but most importantly, enhanced credibility and profile that often leads to partnerships and financing. Now more than ever, it's vitally important to celebrate success in Alberta and share those stories to inspire the next generation of innovation. [Learn more.](#)

### Upcoming SouthGrow Event

We welcome Maarten den Ouden, Trade Officer from the Consulate General of the Netherlands who will talk about the challenges facing agricultural regions in the Netherlands during the 1990s and outline the steps taken to drive improved sustainability and create a successful economic model. Mr. den Ouden will share examples of regional strategies and resulting successes, failures and lessons learned. A question and answer session will be followed by a light lunch and networking opportunity. [Learn more & register here.](#)

### RMA Post-Secondary Scholarship Program

The 2018 application term is now open and closes August 31, 2018. In recognition of the importance of an educated population to the future well-being of rural communities, the Rural Municipalities of Alberta (RMA) established the RMA Scholarship Program in 1995. The RMA Scholarship Program is designed to encourage young rural Albertans to pursue further education, and thereby enhance the ability of these young people to make meaningful contributions to their communities in subsequent years. A scholarship in the amount of \$1,000 is presented to one successful applicant from each of the five districts. [Learn more.](#)

Community and Regional  
Economic Support Program

(CARES)

## CARES Program

On April 9th, Minister of Economic Development and Trade, Deron Bilous, announced the 62 recipients of the latest Community and Regional Economic Support program (CARES).

What's more, he also announced that the program will be extended for at least two more intakes. These intakes will be in June 2018 and October 2018 respectively. So get your people together and start planning for your next impactful economic development project now. [Learn more.](#)

# Upcoming Events

---

## May 15 & 16 | Energy Disruptors: Unite 2018 (Energy Disruptors & Pembina Institute)

We live in a time of exponential transformation ripe with possibilities. A time where our biggest energy challenges are our greatest opportunities. Now is the time to think differently. Now is the time to act boldly. Now is the time to UNITE. On May 15th 2018, the world's boldest energy trailblazers will collide in Calgary to redefine future energy. For the very first time, industry thought leaders from every aspect of the energy value chain will UNITE. For two full days, the Oil and Gas industry will join forces with the influencers at the forefront of energy transformation. [Learn more.](#)

---

## May 16 & 17 | Alberta Energy Efficiency Summit (AEEA)

The Alberta Energy Efficiency Alliance (AEEA) is pleased to present the Alberta Energy Efficiency Summit on May 16 and 17, 2018. The AEEA will host this two day event, designed to offer delegates a forum to collaborate, learn, network, and receive insights into the latest trends in energy efficiency. Through this event, the AEEA strives to engage with its members and other industry stakeholders to increase and promote the conversations taking place around energy efficiency in the province. [Learn more.](#)
