

The *NEW* Alberta Emergency Alert mobile application is **now available for Apple and Android devices**. It helps people be aware of emergency and disaster events in their area through their smart phone. You can access the link for the alerting mobile application along with a list of FAQs at <http://emergencyalert.alberta.ca/content/about/signup.html> or through iTunes on your computer or your iPhone's App Store by searching for "Alberta Emergency Alert".

The app has the following features:

- Allows alerts to be delivered based on current location ("where you are");
- Receive alerts for preselected areas (where loved ones may be located);
- Allow the user to change the alert tone for informational alerts; and
- Links to the AEMA emergency preparedness website with details of the 72 hour Emergency kit.
