VOLUNTEER OF THE MONTH!

Jason Hildahl

Jason started volunteering at the Coalhurst Youth Centre approximately 4 years ago when his twin girls were approaching the age to start going to the Centre. Since that time, he has put in countless hours making the centre accessible to the youth of our town. In the past year Jason has been imperative to the youth centre operating, being one of the main volunteers opening the centre. Giving up some of his Friday evenings to make sure the youth of Coalhurst have a safe place to go. Jason has expanded the presence of the centre on social media by creating an Instagram account. Other holidays throughout the year have seen more opportunities for the centre to be open. Jason has opened the Youth Centre on Halloween and invited all the youth to stop in for a treat. Family Day was another opportunity the youth had a chance to go and "hang out". Jason has overseen the updating of equipment in the centre to help keep up with the needs and wants of the youth attending the centre.

Outside of Coalhurst Jason is a part of True North Rams truck club and he is on the organizing committee for a fundraiser for the children's hospital.

When I spoke with Jason at the Volunteer Appreciation dinner he told me he feels that the youth need a place to go and be safe and he is happy to give up his Friday evenings as often as he can to see that the youth have that.
