

Oldman Watershed Council

December 2018

**DECEMBER EDITION**

**CORRECTION**

It appears that we had an invasive species in the machine preventing our link in the "Gifts and Goodies" section from taking root and functioning properly. Please find the correction below.

Thanks to our keen OWC supporters for helping us locate the error!

**Wrapping up the year  
Happy Holidays 2018**

The holiday season is upon us! As 2018 comes to a close, it's the perfect time to look back and reflect on all of the great work that was done within the Oldman Watershed this year. Whether it was investing in headwaters health with restoration projects like those at Lost Creek and Pasque Creek, getting our hands dirty pulling weeds with our partner organizations, speaking with off-highway vehicle users about the backcountry, showcasing local agricultural facilities, or stewardship initiatives like our citizen science event, we had a great year working hard towards a healthy and sustainable watershed!

We would also like to recognize that virtually all of the work the OWC accomplished could not have been possible without the support of wonderful people like you! An enormous thank you to all of our members, volunteers, supporters, donors, and partners for making 2018 the great year it was! If you haven't already, consider taking a moment to renew, or [signup for your 2019 membership](#); it only takes about thirty seconds, keeps you connected with OWC, and helps strengthen our future funding applications by providing a tangible measurement of community support.
