2020 SPRING CLEAN-UP POSTPONED

Due to the COVID-19 situation, the Town of Coalhurst is postponing the 2020 Spring Clean-Up indefinitely.

This decision was made in order to protect Town staff from handling potential infected items, and to keep the practice of social distancing of 6 feet from each other while working, in place. Also, this is to prevent others from going through items left out, therefore helping to prevent the spread of the virus. Residents are asked **not** to put items out until further notice is provided from the Town regarding the Clean-Up.

The Town of Coalhurst appreciates all that the residents are doing in this time of the pandemic and thanks you for your understanding and help in preventing the spread of COVID-19.

Kevin Lewis
Director of Operations
Town of Coalhurst
