

Business Exit Planning and the Transition Process

Exit Planning 101

About this Event

Exit planning and being prepared to transition out of your business begins with gaining knowledge of the process. Join us to learn and discuss the basics of succession and the full scope of exit options available to you.

In this session we will cover the following frequently asked questions and finish with a Q & A discussion:

- What is the process of transitioning my business to another owner?
 - Who is looking to buy businesses?
 - Do I have a sellable business?
- When do I start planning to exit/sell my company?
 - What are my exit options?
 - What do I need to do to prepare for a sale?
- How do I continue to build my company to sell for more in the future?

Ensuring you have made the best decisions for you, your family, your employees and your business starts with understanding the process.

Whether you are thinking of selling in the next few months or not for years, this workshop is for business owners at any stage in their company.

Date and Time

Thursday, July 23, 2020

11:00 AM – 1:00PM MDT
