To All Residents of Coalhurst Community

RE: Scheduled Water Interruption

Dear Resident(s),

There will be a temporary interruption in water distribution on **Thursday, August 5th, 2021 from 12pm (noon) to 6pm** in order to complete necessary maintenance and repairs. During this time, the water will be temporarily disconnected in order to complete this work. We will work quickly to complete this project and to restore water service as soon as possible.

In preparation for the interruption in water it is recommended to fill containers with water for drinking, cooking, or flushing the toilet while the water is off.

When water is restored, we recommend running your tub or outside tap for approximately five (5) minutes if any sediment or discoloration is noticed.

We appreciate your cooperation during these necessary community upgrades.

Please contact the management office with any questions regarding this notice at 403-381-3322 or coalhurstcommunity@capreit.net

Sincerely,

CAPREIT LIMITED PARTNERSHIP
By its sole General Partner CAPREIT GP Inc.
