

McNally Contractors (2011) Ltd.

Sept 18 2021

Attention: Residents

Re: Coalhurst 2021 Street Improvements Site 6

McNally Contractors (2011) Ltd. will be working on the Sidewalk Along 2nd Street from the Railway crossing to one lot north of the access to Miners Park.

3 Residents will lose access their Driveways and Garages on the East side. A deep excavation will make passage between town and the area north of the tracks impossible. Access to these lots can be made from the Kipp Highway. Parking will also be restricted in the area. Residents without driveway access are encouraged to park east of the baseball diamonds. Please plan ahead and ensure that these restrictions do not negatively impact you.

Construction Is Expected to Start: Monday October 25 2021

Regards,

David Neufeld
Project Manager.
