BEYOND SENIOR'S WEEK: CELEBRATING AND HONOURING OLDER ADULTS

Celebrating Senior's Week (June 5-11) is a great way to show the seniors in our lives and our communities that we appreciate them and their contributions. Seniors have not only helped build our communities, but they also continue to make a huge impact on our society by bringing with them wisdom, vitality, and adaptability.

Appreciation for seniors doesn't need to end when the week is over. Here are some ways to continue to show respect and consideration for older adults:

1. **Spend Time, Visit, and Listen**
Relationships are vital to healthy aging, maintaining happiness, and reducing isolation. Visiting senior's living communities, when possible, shows you care. It doesn't matter if you have a loved one there or not, taking time to reach out benefits everyone. Be present and listen, you may find that you have more in common than you thought.
2. **Show Courtesy, Respect, and Express Appreciation**
Being polite is a demonstration of respect. Older adults grew up during a time when manners and respect were part of everyday etiquette. If there is a senior who has positively impacted you, tell them, it will probably bring a smile to their face.
3. **Pick Up the Phone**
A phone call is a personal way to say you care. It is easy to get caught up in our lives and forget how much it means to take time to chat. Ask for their opinion, and you might learn something from exploring a different perspective.
4. **Enjoy a Meal Together**
Sharing a meal is a great way to catch up and connect with someone. Pack a picnic, venture to a favorite restaurant, or visit your loved one's home.
5. **Discuss Family History and Heritage**
There's an undeniable strength in family stories. Oral family history can bring family members together, strengthen generational ties, and teach about family history. Family history can give one a stronger sense of who they are and where they came from.

If you don't have any senior family members, friends, or neighbors, consider volunteering at a local senior centre, senior living facility, or at FCSS. FCSS can pair you with a senior citizen to call weekly through the Keep in Touch program.

2022 Tax Rate Bylaw

The municipal tax rate was held the same for another year.

If the tax rate was held the same, why are my taxes different from last year?

On a property tax bill, there are four segments:

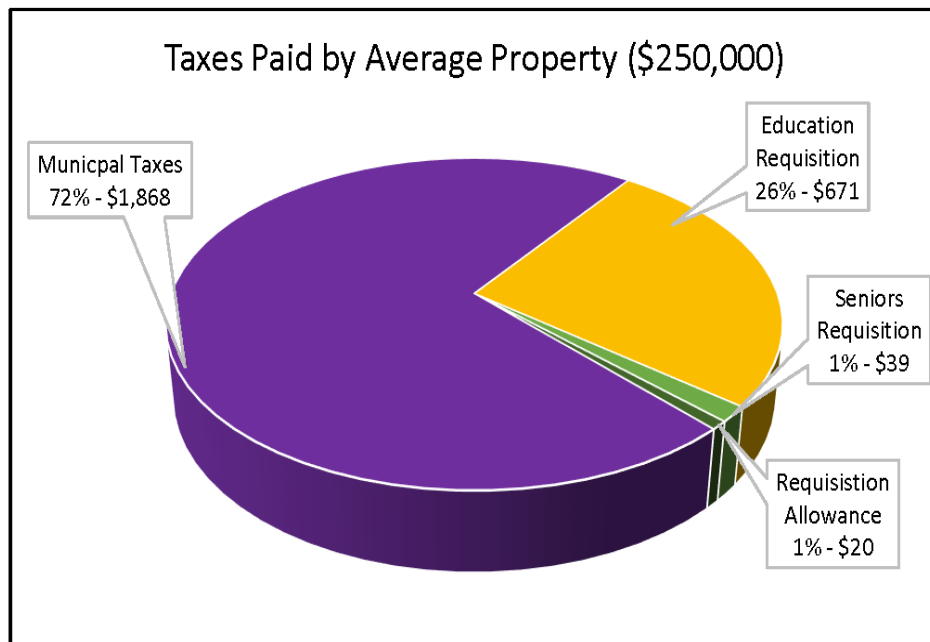

1. Municipal Taxes
2. Alberta School Foundation Fund Requisition (Education Requisition)
3. Green Acres Foundation Requisition
4. Requisition Allowance

The Municipal Taxes go towards running the regular operations and service provision of the Town. By maintaining the municipal tax rate, a property will only see a change in this segment if its assessment changed from last year. For the average property (\$250,000), the municipal portion is about 72% of the total tax bill.

The Education Requisition is determined by the Province. It is used to support all public and separate schools in the province. The Town must collect this portion on behalf of the Province. It represents about 26% of the total tax bill. The total requisition increased by approximately \$45,000 this year. On the average property, this is approximately \$42 more than last year, or \$3.50 per month if the owner is on the monthly tax payment plan.

The third segment of the tax bill is the Green Acres Foundation. The Green Acres Foundation provides supportive and affordable housing for seniors in the region. This requisition makes up 1% of the total tax bill. For 2022, the average property would see a \$2 increase for this requisition.

The fourth segment is an allowance used to offset tax losses resulting from assessment corrections, formal complaints, appeals, and non-payments during the year. This also makes up about 1% of the total tax bill, and the average property will see a decrease of \$3 on its taxes this year.

The Coalhurst Spray Park opening for **June 1, 2022** has been **delayed** due to contractor scheduling. Opening date will be posted soon.

Hours will be:
10:00 a.m. – 7:00 p.m.
